

Summer Hours at Genesco, Inc.

Starting Tuesday, June 1, 2010, Genesco will begin its annual summer hours program. The program, which is discretionary for each Genesco employee, entails a modified work schedule. Under the summer hours program, employees work an additional hour on Monday through Thursday so they are able to leave four hours early on Friday. Due to this, our Friday afternoons response times may not be as prompt as normal. This program is in effect until September 7, the Tuesday after the Labor Day holiday, at which time the Company will resume its regular office hours.
