

## **Lids Return to Vendor Guidelines**

- In certain circumstances, Lids will need to return non-damaged or non-defective merchandise to vendors. In these cases, Lids requires a return authorization number from the Vendor.
- In the event that Lids is responsible for payment of freight charges, we will only be liable for the actual freight charges. Lids will not assume responsibility for any accessorial or other unrelated charges, including but not limited to; trailer/driver detention, attempted delivery/redelivery, storage or inside delivery. If Lids is billed for any of these charges, they will be charged back to the Vendor.
- If the Vendor assumes responsibility for payment of freight charges, Lids must be furnished the name and contact information of the Carrier the Vendor has selected in a timely fashion.
