

## Change Document

Aside from adding example data to each segment and providing more clear and specific notes to certain segments here are the actual changes to the Genesco EDI requirements. In addition to the changes listed below all EDI documents have been changed from **version 4010VICS to version 4010**.

### 850 Changes

1. **BEG01** - Added qualifiers '01'= cancellation, '05'= replacement; for Vendors that choose to receive changes via a replacement 850 rather than an 860.
2. **CUR** - Added segment to specify Currency.
3. **REF** - Added segment with qualifier 'IA' to specify the Genesco vendor number.
4. **CTP** - Added segment, follows the PO1 for Solid Orders and the SLN for Prepack Orders, to specify retail price.

### 860 Changes

1. **CTP** - Added segment to specify retail price, follows the POC segment.

### 856 Changes

1. **DTM** - Added qualifier '017', Estimated Delivery Date
